

TASHA DRIVE RECONSTRUCTION

PM&E PROJECT #20-15

The Municipality of Anchorage Project Management & Engineering Department (MOA) is planning to reconstruct Tasha Drive (from Flamingo Drive to Northwood Street) to meet current MOA design criteria for a local roadway. The Pre-Final (95%) Design includes the addition of a concrete sidewalk with a grass buffer on the south side of Tasha Drive.

Improvements will include:

- New road foundation
- New storm drain system & footing drain services
- New asphalt pavement
- New street lighting
- New curb & gutter
- New pedestrian facilities

OPEN HOUSE: Monday, October 20, 2025 - 4:30 pm to 6:30 pm

Chinook Elementary School, 3101 W 88th Avenue
Join us at the public open house to discuss the Pre-Final (95%) Design and provide valuable input to the project team.

The MOA has contracted with CRW Engineering Group, Inc. (CRW) to provide engineering services. The project is only funded through the design phase. Construction has not been funded yet. We recently completed the Pre-Final (95%) Design and it can be downloaded for review and comment on the project website.
