

DOWNTOWN COMMUNITY COUNCIL

MINUTES

Wednesday, 07 September 2016 @ 5:30 p.m.

Meeting was called to order at 5:32 p.m. by Corey Hester.

Legislative Reports:

There were no reports from the Mayor's office or the Representative's office, but Joshua Spring informed the council of a very brief Assembly report and Tom Begich was in attendance and informed the council of his recent win and unchallenged race. Tom mentioned he plans to be involved with the downtown community and invites people to reach out to him with any questions.

Presentations:

We had a short presentation from the Downtown Trail Connection and the DTCC mentioned we would share these updates on our social media. Green Room presented and informed the DTCC of their intention to open across the street from the Anchorage Museum, but no letter was requested of the DTCC. Tuta'n did not present. We had a community announcement from the Fire Department that informed the Downtown Community Council of brief ongoings related to homelessness and crime in the downtown area.

No action or vote outside of calling the meeting to order and adjourning the meeting was taken by the council at the September meeting.
