

**HOW IMPORTANT IS THE WATER YOU DRINK?  
ARE YOU PREPARED FOR A DISASTER?**

## **Huffman-O'Malley Mid-Hillside Hillside-East**

**Community Councils are having a joint meeting with presentations on  
Hillside Water Quality and Disaster Preparedness.**

HALO will present the results of their independent Well Water Quality study of Hillside drinking water. If you have concerns or questions about the water you and your family drink, you don't want to miss this. The Municipality of Anchorage will be there to tell us what we can do to prepare for a disaster. Hope to see you there.

**Thursday 4/19/2012 7 pm  
O'Malley Elementary School  
11100 Rockridge Road**
