

Resolution of Support for Pedestrian and Driver Safety Improvements on Muldoon Road

WHEREAS, the Alaska Department of Transportation and Public Facilities (DOT&PF) and the Municipality of Anchorage have reported a significant increase in pedestrian fatalities in 2024, and with an increase to date in 2025, highlighting the urgent need for safety improvements; **and**

WHEREAS, the Northeast Community Council (NECC) is committed to supporting the goal of Vision Zero, which seeks to eliminate fatalities and serious injuries on Anchorage roads; **and**

WHEREAS, the DOT&PF has identified that limited street lighting, high vehicle speeds, and the need for greater public awareness have been recognized as contributing factors to pedestrian fatalities, particularly in high-risk corridors such as Tudor Road, Muldoon Road, and Bragaw Street; **and**

WHEREAS, Muldoon Road in particular has high vehicle traffic, concentrated transit usage, and high speed in this dense residential area of Anchorage; **and**

WHEREAS, there were previous efforts by the NECC advocating for safe pedestrian crossings due to the high volume of foot and bike traffic crossings on Muldoon Road, such as a suggested overpass from Creekside Center area to Chanshtnu Muldoon Park; **and**

WHEREAS, the NECC seeks community connections without barriers that physically and visually divide Muldoon Road and our community; **and**

NOW, THEREFORE, BE IT RESOLVED, that the NECC supports the Alaska Department of Transportation and Public Facilities and the Municipality of Anchorage in their efforts on Muldoon Road to:

1. Strengthen enforcement;
2. Implement permanent radar feedback speed signs;
3. Reduce distances between existing crosswalks by constructing signalized pedestrian only crossings;
4. Construct a non-motorized overpass from Creekside Center area to Chanshtnu Muldoon Park;
5. Support an ongoing public education campaign for pedestrian-safety.

BE IT FURTHER RESOLVED, that the NECC opposes construction of a Barrier Wall Fence in the northeast area.
