- **2050 Metropolitan Transportation Plan Amendment 1 to Remove Safer Seward Highway (SSH) Northern Section** – Nancy Pease – Amendment 1 - Seward Highway Improvements from Bird Mile 98.5 to Rabbit Creek Road Mile 118. RCCC in the stakeholder group. The cost estimate ballooned from \$654 mil to \$1.8 Billion. AMATS then decided not to spend that much money because of other commitments. DOT agreed and said they would stop the project at McHugh Creek mile 112. DOT decided to move forward on the southern portion. RCCC has raised safety issues in section of road dropped from SSH project: Potter Valley Road turn lane needed. Old Seward Hwy on east side of Potter Marsh is crumbling away, need separated turning for pullouts at Potter Marsh pullouts. ADOT planning to implement 'Safety Express Projects' in 2025: larger signs, curve warnings, pullout notifications, trailhead and milepost distance markers, repair speed feedback signs. Overall project to be done in phases. Probably take 4 years to get to Potter Marsh. It would start with Windy Corner since they have been designing that already.
