Subject: Alaska State Rail Plan

The Alaska Department of Transportation and Public Facilities (DOT&PF) is currently preparing the Alaska State Rail Plan. This long-range planning document will provide a 20-year vision for the role of freight and passenger rail service and its economic benefits to our state. The planning team consists of DOT&PF staff and a contractor, HDR Alaska, based in Anchorage.

In the next few months, DOT&PF will be holding a series of public open houses in communities throughout the state. Additional meetings and project information will be shared through e-mail, the project website, and on-line open houses.

If you or a member of your agency or organization would like to receive reports and updates from the planning team, please contact Julie Jessen, HDR Alaska senior public involvement specialist, at 644-2075 (Julie.Jessen@hdrinc.com).

Sincerely,

Murray Walsh
Special Assistant to the Commissioner
Alaska State Rail Plan Development Manager
Alaska Department of Transportation and Public Facilities

JULIE JESSEN
