19:09:58 From LG Tobin | Sen Begich | her hers : Löki Tobin
(pronounced Lew-key) – Sen. Begich
19:33:21 From Zack Fields : Working with Cheryl et al,
legislators gathered a letter in support of the SACC requests and
signers of the letter were me, Tom Begich, Elvi Gray Jackson, Harriet
Drummond, Liz Snyder, Geran Tarr, Matt Claman, Andy Josephson, and
Chris Tuck. Thanks to Forrest, Meg, and Chris for listening.
19:35:51 From Christopher Constant : Hi all, my email is
Christopher.constant@anchorageak.gov
19:43:35 From Patrice Parker : Thanks, Sheila.
19:45:43 From cheryl : im trying to unmute. will call in by
telephone and try that way
19:49:54 From Cathleen Hahn : Is it possible to have Concept B
uploaded as a file in chat, so we can print the concept?
19:53:00 From cheryl : cheryl now connected by phone
19:57:05 From cheryl : lanie Fleischer worked for many years
to keep Delaney free for public use, rather than full of built
memorials
19:58:21 From Trish O'Gorman/Jay Holtan : I thought this moved
away from the memorial to inhancing that area.
20:00:14 From Trish O'Gorman/Jay Holtan : I don't believe they
have a crossing guard
20:00:31 From Hans Thompson : please let me know if the file
is openable
20:01:18 From Fran : Hans, thanks for uploading the
presentation. Opens just fine.
20:05:31 From Bonnie and Seth : Zero crossing guards at inlet
view.
20:08:21 From LG Tobin | Sen Begich | her hers : Abstaining as
I am a member of the Fairview Community Council.

20:09:07 From Bonnie and Seth : vote for each Seth and Bonnie
20:11:55 From Cecelia Donelson : Cecelia Donelson
20:12:21 From Zack Fields : This session the House passed HB
149, to establish a Child Care Trust Fund (it was my bill). Tom Begich
and Natasha Von Imhof tried to persuade Senate Finance co-chairs to
appropriate \$50 mil to the child care trust fund, and Sen. Von Imhof
planned to amend HB 149 in S Fin to include a Housing Trust Fund as
well as a Child Care Trust Fund. Unfortunately, HB 149 (like many
bills this year) died in Senate Labor and Commerce, which is chaired
by Mia Costello. The final budget did appropriate \$5 million each for
child care and housing; that is grossly inadequate and I hope we
revisit this issue next year.

20:16:59 From Petra Wilm : Petra Wilm & Grant Crosby
20:24:13 From Ruth Ann Jennings SACC : Boston has the most
famous cut and cover
20:25:19 From Fran : Cambridge, MA and Seattle...,
20:25:30 From cheryl : it's obligating to engage in dialog
20:26:10 From cheryl : at this point, adot does not 'engage'
in discussion or negotiation.
20:27:44 From Zack Fields : It is positive to have
neighborhood unanimity on this with SACC/Fairview/Airport Heights.
Makes it easier for our Assembly members/Mayor on AMATS to advocate
for us.
20:29:24 From Arthur Jensen : I think the cut and cover is a
fresh new approach to the problem. I like the solution
20:32:49 From cheryl : I agree with tamas statements
20:34:30 From Fran : A light rail is an interesting thought..
20:34:50 From cheryl : the last time I saw the numbers, only
10 percent of vehicles travelled through the city, 90 percent stopped
here for one reason or another.
20:35:34 From Sami Graham (sandra) : I second
20:41:16 From Zack Fields : If this resolution ends up being
revised I'd suggest advocating either for cut and cover or conversion
to a complete streets urban boulevard. I share Sheila's concern that
if cut and cover is only solution on the table we could wait forever
for funding, given the expense, and the share that project would
consume relative to the rest of the state expenses.
20:42:02 From cheryl : Daniel please clarify what comment
deadline.
20:42:43 From cheryl : please unmute me
20:43:48 From Fran : Cheryl, you are not on mute.
20:44:25 From cheryl : there is a larger public involvement
process to be managed by neighborworks that has not even begun yet.
20:46:28 From Trish O'Gorman/Jay Holtan : I agree with Daniel
request to have some from FCC comc
20:47:58 From Sami Graham (sandra) : I share the concern about
limiting ourselves to a cut and cover
20:48:43 From Arthur Jensen : I oppose the motion
20:49:15 From Harry Need : Hear hear
20:52:43 From Harry Need : The PEL is the plan
20:53:34 From Trish O'Gorman/Jay Holtan : I am not sure I
signed in:(Trish O'Gorman

20:53:42 From cheryl : thank you tamas
20:55:11 From cheryl : this also affects rogers park. adot
wants the whole banana
20:58:57 From Lynn Hallquist : Lynn Hallquist signing in.
21:00:29 From Cecelia Donelson : What article is being
referenced? Not everyone gets ADN
21:06:34 From Myer : I agree with this speaker
21:07:13 From Moira Smith : I could not agree more, Bonnie.
21:07:21 From James 's iPhone : Thank you Bob and Bonnie
21:07:36 From Petra Wilm : yes, thank you
21:07:53 From Trish O'Gorman/Jay Holtan : We know that this
was directed at Zach Fields and it is not the role of SACC
21:08:01 From Cecelia Donelson : Agree with Bonnie
21:09:32 From Petra Wilm : yes. thank you Moira also
21:11:51 From Patrice Parker : I think it's all about the
school. The people pushing this resolution are all from the FIVES
group. They've signed the letter opposing the IVES. The person
introducing this resolution wrote a letter to ADN asking voters to
vote down the entire school bond. Because he didn't want the school on
his side of the lot.
21:12:21 From Myer : thank you patrice for informing our
neighborhood on the intentions
21:12:37 From Myer : I move to table this permanently
21:13:23 From James 's iPhone : I second the motion
21:14:01 From Myer : do not wish to speak to my motion to
table, I call the question
21:14:35 From Moira Smith : There is a difference between
division and disagreement.
21:16:53 From Mary Geddes/Kevin McCoy : There are two votes
here for calling the question.
21:28:39 From Zack Fields : have to help put kids to bed,
thanks Sue for bringing this forward
21:29:45 From Cecelia Donelson : Our trails aren't just for
bike's...the roller skiers are very fast and dangerous
21:29:47 From Moira Smith : So a resolution to support safer
trails? Ordinance to regulate e bikes? Good topic.
21:31:01 From Fran : Patrice et al, I believe the point of the
resolution was to acknowledge the hurt that has occurred to the
community in the past but to try and rise above it and move forward
together towards a solution. I'm deeply disappointed in the vote and
think it shows how great and deep the hurt is, and the reluctance to
work together in the future. The continuous slinging of recriminations
does no good to move us all forward.
21:31:04 From Cecelia Donelson : Roller blades are also out
there too
