COMMUNITY UPDATES

Ted Stevens Launches Newsletter for Project 150 Noise Study

ANC is now publishing a Project Newsletter to keep the community informed as we conduct a Part 150 Noise Compatibility Study. This study evaluates aircraft noise and land use compatibility around the airport. We will release two to three newsletters per year through early 2027. The newsletter will highlight current project updates, newly available materials on the project website, and opportunities for public involvement.

MOA Planning Department New Webpage

The Planning Department has updated their website to make accessing information easier for you. Visit the [Planning Department webpage](#) to find updates on current projects, submit feedback, and more.

Additionally, you can subscribe to their newsletter by emailing:
