COMMUNITY UPDATES

Alaska's Statewide Long Range Transportation Plan 2055 Update

The Alaska Department of Transportation & Public Facilities (DOT&PF) is updating the [Statewide Long-Range Transportation Plan](#) (LRTP), which will guide Alaska's transportation policies and investments through 2055. This 30-year plan will set the course for how people and goods move by road, air, water, rail, bike, and foot, and will shape future priorities across the state.

This platform flips the script and focuses on you—the people who rely on Alaska's transportation systems every day. Your stories will help guide the future of Alaska's transportation network.

User Stories will set the stage for Alaska's 2055 LRTP. The LRTP, written with agency and public collaboration, develops Alaska's transportation priorities based on the common interests and needs of stakeholders statewide.

Local Lens Today!

Tuesday, Sept. 2 @ 6:00PM | Zoom

Join the FCC in conversation with the Planning Department and Assembly members to learn more about the Transit Supportive Development Overlay (TSDO). After presentations, there will be a chance for the audience to get their questions answered.

You can find previous Local Lens on our website - [click here](#).
