## Balancing Act: A FY27 Budget Solutions Workshop

Saturday, Dec 6, 2025 @ 11am – 1pm  
Bartlett High School

Great things are happening in our schools, but a \$77+ million budget deficit threatens that progress. We invite you to join us on December 6 for a hands-on workshop where you'll explore spending options, share priorities, and talk directly with district leaders about what matters most. Dive into real budget scenarios, propose solutions, and leave knowing your input will help shape what learning looks like in our schools next year.

In the meantime, we encourage you to view our [FY27 Budget Solutions webpage](#). While you're there, take a few minutes to launch our handy [budget balancing tool](#) and try your skills at balancing the budget. We think you'll find it enlightening, and your input will be shared with the administration for use in the development of next year's budget. We value your input and hope you will join us!
