Former Tozier Track Reuse Plan Survey

Survey closes June 5th!

The Former Tozier Track is municipally-owned vacant land near Campbell Park and the U-Med District (map) that could be utilized to better serve the surrounding neighborhood. The Former Tozier Track Reuse Plan, being developed by the Municipality of Anchorage – Heritage Land Bank and our project team, Stantec, focuses on determining land use needs paired with community vision to turn the former dog mushing track into a renewed community asset.

How do you think the land could be used to best serve the neighborhood? Learn more and take the survey.
